S. No.	Vendors' Concerns	Clarifications from URSC
1.	URSC may provide a list of approved vendors for third-party inspection agencies.	The identification, auditing and timely processing of jobs through a certified third-party inspection party lies in the scope of vendors.
2.	Third-party inspection activity adds to additional time constraints in logistics and the inspection activity.	The delivery dates for each work order shall be given after due considerations.

Vendors may make a note of the above points before submitting the documents.
