## INDIA'S GROWING SPACE SECTOR

India's space programme which began in the 1960s has evolved multifarious, over time. The programme has carried out end-to-end space missions for applications and interplanetary missions, gaining global appreciation for reliability and cost efficiency. This success is due to the focus and efforts of ISRO, ably supported by the Indian industry.

## UNLOCKING INDIA'S POTENTIAL

The recently announced reforms by Government of India intends to set up an autonomous enabler body "IN-SPACe", as part of the Hon'ble PM's call for new and bold reforms, and promote 'Atmanirbhar Bharat. This will further accelerate the growth of space activities in India, chiefly in the private sector.

## USHERING IN A NEW ERA

Taking forward the government's vision of making the Indian private sector a co-traveller in India's space journey, Confederation of Indian Industry (CII) in association with Indian Space Research Organization (ISRO) and Antrix Corporation Limited (ANTRIX), supported by NewSpace India Limited (NSIL), presents an International Space Conference and Exhibition Over Digital platform from 15-17 Sept. 2020.

# A FOCUSED EVENT

- Focused theme- 'Ushering the new era for Indian space sector'
- Virtual exhibition and panel discussions
- Facilitation and strengthening of private industries, intending to foray into Indian Space Sector
- Ideal platform for industries & entrepreneurs to engage, build capabilities, nurture B2B partnerships
- Highlight of policy and showcase of opportunities

## DAY 1: September 15, 2020

1000 Hrs. Virtual Platform Opens

1400-1530 Hrs. Inaugural Session

Session I: 1545-1715 Hrs. Reforms in the Indian Space Sector and the Opportunities therein

## DAY 2: September 16, 2020

Session I: 1400-1515 Hrs. Opportunities for Space Applications - Enhancing the role of tech-entrepreneurs

Session II: 1515-1645 Hrs. Indian Space Start Ups - Revolutionizing Space Industry

Session III: 1700-1815 Hrs. Emerging trends in Satcom: An India Specific Perspective

## DAY 3: September 17, 2020

Session I: 1400-1515 Hrs. Country Strategy and Models for Vibrant eco-system

Session II: 1530-1645 Hrs. Highlight Talk: Human Space flight

Session III: 1700-1815 Hrs. Indian Space Industry at an Inflection point
